# SAP Consulting Methodologies and Tools

**AcceleratedSAP (ASAP)** is SAP's comprehensive and repeatable methodology to deliver fast and efficient business solutions customer require.

**ASAP** is the engine for successful business consulting, implementation, configuration and continuous optimization projects.

**ASAP** provides direction and detailed guidance and how best to go from point A to point B based on years of experience and Best Practices supported by accelerators.

The benefits are obvious: **ASAP** optimizes time, quality and efficient use of resources.
